PE Days

Aspen: Thursday and Friday

Hawthorn: Monday and Tuesday

Rowan: Tuesday and Friday

Maple: Monday and Thursday

Year 5 Newsletter Summer 2

Star Gazers

Our new topic for Summer 2 is 'Star Gazers' where children's learning will be focused around Space, continuing their learning from previous years. They will be learning about how the planets in the solar system move, why we have night and day and will be describing the movement of our moon.

In Geography, children will be learning about the Greenwich Meridian which will develop their knowledge of longitude and latitude lines.

In DT, children will be developing their understanding of materials and joining materials together. They will also be using their sewing skills they developed in Autumn 2 by creating their own space-themed stuffed toy.

In English, children will be writing a persuasive text which will be aimed at encouraging customers to come to their space-themed hotel!

In Personal Development, children will be recapping what they have learnt about puberty and personal hygiene. They will also be learning about sexual intercourse and conception. *If you have any questions about this, please speak to your child's teacher or email the school before Thursday 18th June.*

Trips:

All children will need electronic permission for any future trips. Parents / carers will need to give online permission using Parent Pay. If online consent is not given before the day of the trip, the child will not be able to attend. Please make sure you can access Parent Pay and WEDUC Reach More Parents.

Clothing Bank:

At the Manton Road entrance (the Year 4 entrance), there is a clothing bank. Please donate clothing to help raise money for the school.

Looking Back...

A group of children were selected for a once-in-a-lifetime opportunity to play football at Charlton Athletic Football Club and another group were invited to watch! They were chosen because they consistently follow the school values and make a positive contribution to school life. Well done for all your hard work and dedication.

Children loved learning about their local area in Humanities. They went to Lesnes Abbey to explore how the area had changed over the last almost thousand years! They thoroughly enjoyed looking at the carved statues and the ruins, thinking about how it was once used by monks and nuns.

Last term, Charlton Athletic came into school to teach their Joy of Moving programme. This consisted of weekly lessons that taught the theory of fitness and nutrition and practical games aimed at encouraging children to get moving!

June's school value is:
EQUITY
July's school value is:
PATIENCE

We expect children to show the school values inside and outside of school. Please encourage your child to discuss these values at home too.
